

STEP IT UP

Take Your Stocking System To A Higher Level

A Step Above The Competition...

Our Ladder Carts are constructed of heavy duty, lightweight aluminum; minimizing user fatigue and guaranteed to never rust or corrode.

Don't Compromise... Customize.

Whether you have a custom tote, bin, or product you need accommodated - Require a non-standard size, shelf configuration or braking system - We can help you design the perfect cart for your facility.

DWG52008

- Ladder secures in place when not in use!
- Smaller foot print for easier picking.
- Large top step for stability.
