### Load and GO!

Our Order Picking Platform allows you to stage, pre-picked and sorted orders, and load each bay on the truck in one trip.

Designed to fit standard bay door compartments, our platforms have three vertical tube caged sides that secure product while maintaining visibility.

- Oak gripper block on both sides for versatile picking.
- Deck height is designed to match order picker or forklift to reduce trip hazard.
  - 47" x 47" usable deck space
- All welded, aluminum construction.
- Lifetime Guarantee against rust and corrosion.
