3-Tier Picking Cart

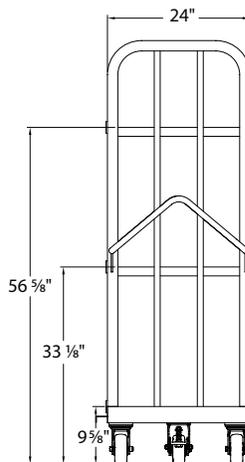

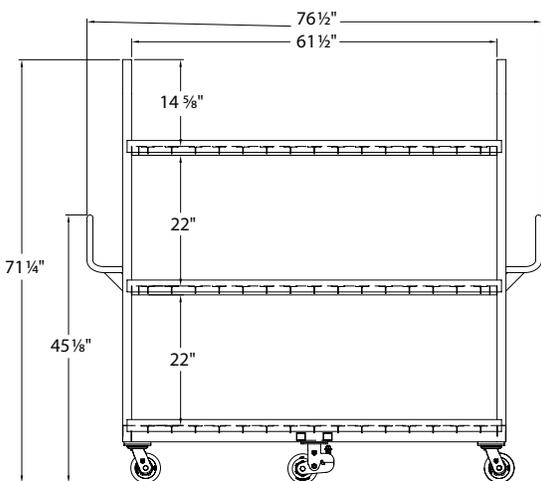

53916

Designed for use in high volume pick and pack environments, this cart is ideal for use in e-commerce operations and online order fulfillment. Fully welded aluminum frame ensures a long service life. Ergonomic V-Shaped handles at both ends for side control enables these carts to be used in the narrowest aisles. Shelves have a 1" retaining lip to keep items in place during transport.

Cart features a 5 wheel configuration, with center spring-loaded caster, providing optimal maneuverability and operator control.

- Base is 1 1/2" x 2 3/4" tube frame with 5" x 2" spring loaded enter caster and four 5" x 2" swivel casters on the corners.
- End hoops are 1 1/2" x 1 3/4" tube.
- Ergonomic Handles are 1" dia. 1/8" wall pipe.
- Shelves are 1 1/4" x 1 1/2" tube frame with 1 1/4" x 2 1/4" T-bar laterals that make the shelf surface, spaced on 1 3/4". Both sides of the shelf have a 1/4" x 2" strap weld on to create a 1" lip.
- Can be custom built to fit your individual picking needs.
- One-Year Guarantee against material defects and workmanship.
- Lifetime Guarantee against rust and corrosion.
