Hand Trucks - Rotatruck Stair-Climber

Stair-Climbing Assembly

Rotacaster wheels have the ability to move in any direction while mounted to a fixed position - Using rollers rather than a swivel mount. They are designed to reduce fatigue and injury in the workplace

Our Rotatruck Stair-Climber Hand Truck features tri-wheel casters that rotate on a center axis(em dash) allowing this hand truck to "climb" up and down stairs with ease. Unique multidirectional wheels allow unit to move in any direction.

This lightweight aluminum Hand Truck design makes it easy for anybody to maneuver. Ergonomic continuous frame loop handle allows users to push, pull or lift, depending on the load.

Rounded aluminum nose plate is machine beveled to slide under loads, making it easier to lift. Constructed of primary grade aluminum guaranteed to not rust or corrode, keeping your warehouse looking new!

- Framework is constructed of 1 1/4"x 1 1/4" x .070" wall tubing.
- Handle is constructed of 1" diameter pipe.
- Replaceable 9" x 18" aluminum nose plate and wear strips.
- Equipped with six multidirectional Rotacaster wheels.
- One-Year Guarantee against material defects and workmanship.
- Lifetime Guarantee against rust and corrosion.
