

- The base of the Folding Slant Display is an all-welded 1½" square tube frame with caster plates and sockets for folding sides welded at each corner.
- Each side (2) consists of 1" square tube uprights and seven (7) angle runners (1¼" x 1⅝") welded to the uprights at a 13° angle on 6¼" centers.
- Each angle runner has a 90° lip, 1¼" high at the lower end of each. The top pair of angle runners has a wire grid clip, welded to each, which is used to lock the top wire grid and the upper end of the uprights in place.
- Folds easily for storage into an overall dimension of 36¼" x 13" x 61⅜" and may be stored in an upright position.
- Equipped with four, 5" plate type stainless steel swivel casters (#C450SS), with non-marking polyurethane wheel and weight capacity of 290lbs. each.
- Five-Year Guarantee against workmanship and material defects.
- Lifetime Guarantee against rust and corrosion.
- Made in the USA.

The folding Slant Display would be 36 ¼" deep. At these dimensions the rack would hold the same wire grid and the same quantity of wire grids.

Model No.	Position	Size W-H-D
95557CST	Upright / Display	61⅜" x 59¾" x 36¼"
	Flat / Storage	61⅜" x 13" x 36¼"
